

# CANCER BELOW THE BELT

## Who Are We?

We are a charity focused on the twelve cancers that can appear 'below the belt,' specifically anal, bladder, cervical, colorectal, intestinal, ovarian, pancreatic, penile, prostate, testicular, uterine, and vulvar cancer. We raise funds for patients without insurance who need treatment, provide a range of holistic and diverse healing options through our extensive and well-trained team, connect survivors and patients to create a strong and lasting network, and provide guidance and support for carers and families.

## Events

We organise constant large-scale events to raise funds and awareness, as well as to connect our network and build lasting friendships. While our in-person activity has been slowed down by the COVID-19 pandemic, we have been very active in digital environments, and are preparing some very fun activities for the second half of 2021. We are very happy to have received guests from all around the world, with various occupations and professions, guided by a common goal: to help cancer patients. We plan to continue this tradition for years to come!

## #GetCaughtWithYourPantsDown

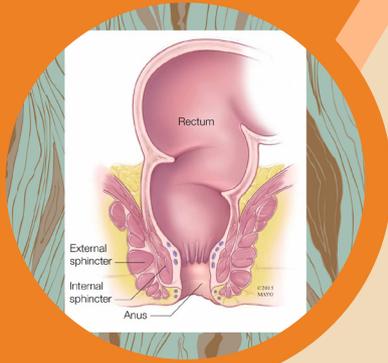

Our awareness campaign, #GetCaughtWithYourPantsDown, focuses on stressing the importance of early screening in the dozen cancers we care for (and not only). This is a social media campaign that anyone can join: patient, supporter, or anything in between! Simply upload a photo of yourself on your social media account with the hashtags #GetCaughtWithYourPantsDown and #CancerBelowTheBelt. We look forward to seeing your photo!

## Contact

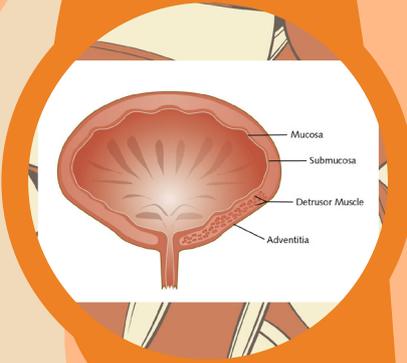

We are more than happy to get in touch with you in regards to any questions you may have. Scan the QR code below and let's connect!

## Raffles & Auctions

Our main fundraising streams are our raffles and auctions. Because our charity is founded by world-famous interior designer Kelly Gale Amen, many exquisite and unique furniture pieces are auctioned each year. We also have our own range of pieces, also courtesy of Mr. Amen. All money raised through auctions and raffles are further donated as needed.

For more information, please visit [www.cancerbelowthebelt.com/auctions-affles](http://www.cancerbelowthebelt.com/auctions-affles)

## Pillow Cabinets

One of our statement pieces is the dozen pillow cabinet, which is the perfect fixture for a medical institution or an awareness gallery. Each of the twelve pillows, besides being embroidered fibre by fibre with utmost care and ultimate quality, represents a type of cancer.

## Tapestries

The hangable version of the pillow cabinet is the tapestry, and upholstered embroidery made with the finest materials. The tapestry can enhance every wall and is perfect for any institution with a focus on cancer. It is visually pleasing and highly informative, presenting each of the dozen cancers in a graphic way.

## Commemorative Benches

Benches are generally auctioned. While they retail between \$8,000 and \$12,000 each, Cancer Below The Belt gives participants the chance to win a bench for as little as \$100. The pieces are made of cast metal, are sturdy and basically indestructible, and often become the centre piece in any environment. They are all unique and hand crafted to specific occasions or institutions.
